

## ➤➤ Agrifac Adapter

### AGRICULTURE

Introduce our latest addition to the program: Agrifac intermediate adapter suitable for MULTIJET bayonet for mounting Lechler nozzles in the nozzle in cap design like XDT, IDTA, FD, PRE nozzles or any Lechler MULTIJET cap. The Agrifac nozzle holder connection has unique specifications that require an adapter for seamless integration of non-Agrifac caps.

#### Features

- **Compatibility:**  
Fits securely any Lechler MULTIJET cap or Lechler nozzle in cap design on Agrifac nozzle holders
- **Easy installation:**  
Wing nut design allows quick manual installation and bayonet locks without special tool
- **Height:**  
The adapter has an extension of only 18.5 mm
- **Robust and durable:**  
Manufactured from polypropylene to withstand environmental conditions
- **Gasket included:**  
Prevents fluid leakage for a reliable seal
- **Ordering number:**  
092.163.56.00.29.0

**Compatible with**  
any Lechler MULTIJET cap  
or nozzle in cap design
